Range Update:

1. The Known Distance Range is still a work in progress, but the 1000 yd. and 600 yd. target boards and berms are in place. They look great thanks to Bill Story who worked with the park workers for 2 days. Below is a list of the park workers who work on the target boards: Frank Granillo, Richard Pastran, Hector Rodriguez, Sammy Garcia, Julian Caro, and George Madrid. The prone area was very rough crusher fine has been put down to make shooting prone more comfortable. The 100, 200, and 300 target boards will have to wait till the sign project is done. This range will be reserved for long distance rifle shooting in the mornings:

Monday –Friday daylight till 12:00 am.
Saturday & Sunday daylight till 11:00 am
Open rifle shooting all other times.

Note: PGC hopes to put on long distance shooting clinics to help shooters better utilized the long distance range. Wade Pinkston, PGC president, has volunteered to run long distance matches on the fifth Saturdays this year. The next 5th Saturday is June 29th put this on your calendar and plan to come out if you enjoy long distance shooting.

2. The range signage is still a work in progress.
 - A. The frame for the entrance sign is completed. This sign will welcome shooters to Butterfield Range and directing them to follow all safety rules and directions posted at each range. The entrance sign will also include a list of the different ranges, monthly days and times each range is being used, including a space for special events, and a legend where the different ranges are located.

B. There will be signs at each range to let shooters know the specific safety rules and directions for using that range including at a later date legends on the all-purpose range, silhouette range, and the long distance range.

Workers Needed: If you would like to help with range projects in 2013, please call Cindy 644-1579 or e-mail rteach25@comcast.net and you will be put on the range work volunteer list. You will receive an e-mail about each month's work projects and if you decide to work on that month's project, please let Cindy know so that she can make sure the gate is only latched.

MAY BLITZ" Butterfield Range Needs Our HELP!!

The signs should be up in May. Since we are not sure when the sign project will be finish we are asking our members to talk to the shooters that are using the range to please help keep the range clean. We need to keep it "positive".

Example: Please help the city and the range volunteers to keep the range clean. If you bring it in, please take it out. Cleaning on Thursdays is a futile effort unless we can get the shooting public to do their part.

2013 Senior Olympics Air Competition:

All the PGC members did very well, but the "Star" this year was Carl Schwarting with a perfect 400 out of 400 in supported pistol.
