### **Range Report:**

#### **No Program this month instead we will be having our annual Patio Party:**

This year's Patio Party will be held at the Game & Fish on Thursday May 14<sup>th</sup> starting at 6:00 pm. Please put this on your calendars and plan to bring you family and friends. We will be setting up in the patio. Please bring lawn chairs for you and your guests. If you don't have enough chairs, don't worry there will be some available. PGC will furnish the drinks, paper goods etc. Since we can't be sure how many people will come we are asking our members to bring appetizers and desserts. Hopefully more people will bring appetizers since many of our members can't eat sweets. The patio party is a great time to enjoy just being together. The weather is usually good, but if it isn't we can always move inside.

**April Program:** John Moen did a bang up Shotgun presentation. Many of you know John personally let him know what a good job he did and thank him for coming.

**Next program will be in June 11<sup>th</sup>** at our usual time 7:00 pm. Pat Doyle will be our speaker thanks to Bill Parchall.

### **Range Report for April and May:**

\*The Road between the two cattle guards at the range has been repaired thank to the Street Dept.

**Note:** The area in front of the All Purpose and Silhouette Ranges is also in terrible shape since the snows. This has been brought to the Street Dept. attention. Hopefully it can be worked on soon.

\*The lead mining problem is being address by the city thanks to Mark Aguirre's picture. Tim Fulton is working with the codes and police department. Looks likes codes will be the most help.

\*The city is working to put in four bays at the action pistol range. These will be put in time for the IDPA state match.

\*The Two new traps at the Shotgun Range are completed. These will allow the public to shoot when special events are going.

### **Third Thursday Workday (March 19):**

This was a very productive workday thanks to Aclin Gurley, Steve Finzel, Mike Gaines, Bill Parchall, Todd Bensley and pres. Craig Tharp. Steve and Mike worked on the rifle stands at the Silhouette range scraping off the carpet and painting. Bill Parchall scraped and repainted the patio tables and was able to finish five. This was slow tedious work and they did a great job. We will try to get the rest done before the next day. Aclin fixed another toilet and worked with Todd and Craig on the cement platform under the shooting bench. We will be sorry to lose Aclin, "Jack of all Trades", for the winter He has been a real life saver. Todd took a day off and supervised the concrete work and directed the work on the berms. Todd, thanks for coming we really needed you expertise. Craig brought out his tractor with the cement attachment and worked on mixing the concrete. Craig is a farmer but he also can really work a back hoe. The target berms are all built up and should last for a long time. Craig if you ever want to give up farming you are a great equipment operator. PGC appreciate all your hard work.

**Extra workday April 2<sup>nd</sup>:** Special Thanks goes out to Steve Finzel and Bill Parchall for coming out an extra day and finishing the scraping and painting of the rifle stands. This allowed Cindy to put on all the new carpet before the small bore Silhouette match.

**Special note:** Frank Conway the designer and one of the founders of PGC cut carpet squares before he pass away. As I was putting them on it brought back how much we owe Frank without him I'm sure we would not have a range.

I would also like to thank Bob Lee for building five new Bulls-eye stands. They look great and I'm sure all the bulls-eye shooters appreciate your hard work.

### **Workday April 16<sup>th</sup> (Thursday)**

**Work done:** It was too windy to paint with the silver paint instead we repainted the firing line at the silhouette range. Thanks go out to Bill Parchall and Steve Finzel.

### **May workdays May 7<sup>th</sup> and 21<sup>st</sup> :**

Because of the windy weather we can't be sure when we can finish painting the poles at the silhouette range but there is always work at the range.

Below is a list of the jobs we need to work on:

1. Finish painting the Sil. Poles
2. Tie down the shade at the Sil. Range
3. Paint the benches at the Sil. Range
4. Clean out the storage building (This can be done any day)

Please call Cindy 644-1579 or e-mail [rteach25@comcast.net](mailto:rteach25@comcast.net) if you want to help. The gate is latched not locked. If you are not there by nine just come in and find where we are working.

**\*Thank You Notes:** If you appreciated the work done on the covered range, please send your Thank you to: Tim Fulton, [tfulton@las-cruces.org](mailto:tfulton@las-cruces.org)
